“Amazing!”

Staying with Josef, Jasmine and their family was a wonderful experience. The accommodation and location were beyond what I expected. The hospitality, and kindness of Jasmine and Josef were truly amazing. The food was organic, home grown and bursting with nutrition and flavour. I returned to the UK glowing with health and happiness :) The local area and scenery were breathtaking. There is plenty to see and enjoy, a true taste of traditional Italy :) Seeing and understanding how Josef and Jasmine manage their farm in a thoroughly organic, eco friendly way was a revelation and I felt privileged to have met them. I highly recommend staying here, it is far more than just accommodation! Thanks

Mike

“Wonderful vacation in the organic paradise”

Me and my favorite person was lucky enough to holiday in this beautiful and unique corner of the Italian countryside. House "Casale il Baronetto" - a beautiful and secluded place surrounded by mountains, nature and a unique kindness and hospitality of the hosts Josef and Jasmine.

In all apartments of supported by cleanliness, warmth and comfort. Super delicious breakfasts are served from environmentally friendly (organic) local produce. In the evening you can afford the pleasure - the divine varied Italian dinner with cute and hospitable hosts who will gladly answer any questions, support the interesting conversation and are regaled divine drinks for every taste. Joseph gave us constant attention - driving us in his car in a remarkably beautiful and interesting places - a mountain pastures and mountain ranges with beautiful views, old fortress Rocca Calascio and the church of Santa Maria della Pieta on top of the mountain massif of Gran Sasso, the old cityes in the mountains, the Adriatic coast.

I will definitely will recommend my relatives, friends and acquaintances this amazing place of rest which is perfect - both for the relaxation or an active rest. Of course - this is the place - where you want to come back :))))))

Hello Josef and Jasmine,

I'm back home (and work) after our wonderful holidays in Italy. Karine and the children are in Pau at Karine's mother for a few more days.

We keep very good memories of our stay with you. The children (and us) are enthusiasitics at telling everyone about the stay we had at your place: the beauty of the place, your kindness, the good conversations and Jasmine's excellent food - the best we had in 3 weeks in Italy -

We envy your new guests, no doubt, they'll have unforgettable holidays. I send you a few photos taken at your place and around (one more mail to come). We wish you all the best

Josef and Jasmine are the nicest people. They made the best food we have had on our travels. The location was a joy to be in. We had great conversations and would say it is an experience not to miss. Wonderful
